***This group is not a replacement for any physical or psychological therapy.***

## The Pain Group

Doing For The Least Ministries has ministered to people in prison/jail, drug treatment facilities, exoffenders, nursing homes and supports groups for the non incarcerated developing the faith that changes. In the jails, prisons, or drug court support groups I have often said, these will one day be released, but for those that are suffering from physical or emotion pain there is no release date. Those suffering from on going pain face a life sentence. It is the least of these that Doing For The Least Ministries in now offering a special support group- The PAIN Group. This group is not a replacement for any kind of prescribed therapy or treatment, were not curing the pain. However, there are Biblical principles that can aid a person in changing the way one thinks and feel about their situation. Many people with disabilities often find themselves in a helpless or hopeless situation, yet from a Biblical / Faith standpoint one can find power and hope even in the pain. This pain can be in physical disability, head traumas, heart traumas, disease and a mass of physical problems. But not only in the physical, pain can be emotional and in relationships. The reality is our world is filled with pain and suffering, but God is able to take that pain and bring good out of it.

The group will focus on sharing from those who come plus DVDs will be shown and guess speakers will be sought to speak on the subject of pain. We hope to offer a well rounded support system to help anyone in their time of pain or trouble. Come join us and let's let God take that pain and work it for the good.

HIS servant
